Approved capital expenses may be billed for reimbursement as incurred. Claims for payment will be processed by State upon receipt and approval of appropriate reports, documentation and invoices. All reimbursements are conditioned upon receipt by State of federal funds designated for said purpose(s). The parties expressly recognize that all payments are to be made by State solely from federal funds made available to State for said purpose.

c. Billings for reimbursement of eligible expenses and reports of contract activities shall be submitted monthly on forms provided by State. They shall be signed by the Project Manager. Each billing report period shall be the last day of the report period.

f. Each activity report shall include, but not be limited to, data regarding ridership, mileage, operating hours, fare recovery ratio, cost per passenger trip, cost per mile, non capital cost per service hour, passengers per service hour, passengers per mile. State may impose a penalty of a 5% reduction of total federal reimbursement per billing period for all billings or reports submitted more than 30 calendar days after the end of the billing period. The penalty may be deducted by State from the reimbursement for the last billing. An exception will be made for the final billing, which may be submitted up to 60 calendar days after the end of the final billing period, before becoming subject to the late penalty.

g. Eligible costs are those costs attributable to the Project and allowable under the approved Project budget and the provisions of:

All costs charged to the Project shall be supported by properly executed payrolls, time records, invoices, vouchers, warrants, and any other support evidencing that those costs were specifically incurred in the performance of the Project. All documentation of Project costs shall be clearly identified and readily accessible. Within 60 calendar days after completion of the Project period, the County must submit a final invoice, narrative and financial operating statement showing the total expenses and revenue of the Project. Anti-Drug compliance costs shall not be incurred by Projects until authorized by State in writing.

The remaining half of the County's share may be made up of unrestricted funds from other Federal programs as described in Attachment B, Project Budget.

k. All donation and advertising revenues received in excess of the budgeted local match shall be used to reduce the federal share of the Project budget.

State will reimburse vehicle related operating expenses in proportion not to exceed the number of actual driven Project miles as a percentage of the total miles.

c. The Project equipment shall at all times be operated in a safe, prudent, lawful manner and within the capaCounty limitations established by the manufacturer. The County shall maintain the Project equipment in safe and mechanically sound condition and shall keep accurate records of such maintenance. The State shall have the right to conduct periodic inspections of County'S records and the Project equipment to verify compliance with this requirement.

PIMA COUNTY DEPARTMENT OF TRANSPORTATION

SECTION 1. SERVICE AREA

There shall be three service areas, known as the Ajo service area, the Marana service area and the San Xavier service area.

a. The Ajo service area shall consist of services within the community of Ajo (within a six mile radius of Ajo Highway-SR 86 and Well Road) and regional service between Ajo and Tucson. Service hours and schedules will be as described in the application for funding.

b. The Marana service area shall consist of service within the town of Marana and surrounding communities. The service will operate as a fixed route community circulator and regional service between Marana and the Ina Road/Thornydale Road area northwest of Tucson where it interfaces with the urban transit system, Sun Tran. Service hours and schedules will be as described in the application for funding.

c. The San Xavier service area shall consist of service between the San Xavier Mission complex and surrounding residential areas of the San Xavier District of the Tohono O'odham Nation and the Laos Transit Center on Irvington Road in Tucson, where it interfaces with the urban transit system, Sun Tran. Service hours and schedules will be as described in the application for funding.

SECTION 2. PROJECT SUMMARY

AJO Pima County Rural Transit service is a contractor operated community transit system providing wheelchair accessible public transportation. The service consists of a demand responsive public transportation service within the community of Ajo five days a week, and regional service three days a week, providing public transportation from Ajo and the intervening communities to the City of Tucson.

MARANA Pima County Rural Transit service is a contractor operated community transit system providing wheelchair accessible public transportation. The service consists of a fixed route, fixed schedule community circulator with route deviations available on a prior reservation basis to serve the elderly and persons with disabilities. The Marana service provides four round trips per day on weekdays, beginning in the residential areas in unincorporated Pima County west of the town of Marana, then into the town of Marana and the community of Rillito, and continuing south along Interstate 10 to Ina Road and providing access to the commercial areas along Ina and Thornydale Roads. This route also provides access to metropolitan Tucson via the urban transit system, Sun Tran, by coordination of transfers to three Sun Tran routes along Ina Road.

SAN XAVIER Pima County Rural Transit service is a contractor operated community transit system providing wheelchair accessible public transportation. The San Xavier service operates as a fixed route, fixed schedule access service, providing 10 round trips per day on weekdays and 9 round trips per day on Saturdays. The route begins at the San Xavier Mission complex and loops through the residential area south of the complex and enters the metropolitan Tucson area along Valencia Road, providing access to the heavily developed commercial corridor along Valencia Road. The San Xavier route proceeds east to 12th Avenue, then north to Irvington Road and the Laos Transit Center, where riders can transfer at no additional cost to any of the Sun Tran routes.

SECTION 3. ROUTES AND SCHEDULES

As described in the approved application for funding, Pima County, in cooperation with the operator and the local community, and in consultation with ADOT intends to adjust routes and schedules in order to improve ridership, effectiveness and attractiveness of the transportation services provided by Pima County Rural Transit.

SECTION 4. FARES

- a. Ajo Service Area.
 - Within the community of Ajo \$0.75 one way
 - Ajo - Why \$1.00 one way
 - Ajo - Sells \$4.00 one way
 - Ajo - Tucson \$7.50 one way
- b. Marana Service Area.
 - Within the service area west of Rillito. \$0.75 one way

Pima County, in cooperation with the operator and the local community, and in consultation with ADOT may adjust the fares to improve effectiveness and attractiveness of the transportation services provided by Pima County Rural Transit.

The project must collect a fare recovery ratio of 22% of the combined administrative and operating costs of the Project or agree to make up the fare deficit from local funds. If, however, the Contractor cannot make up the difference from local funds and or if the Contractor has not performed with contract schedule of activities, ADOT may deduct the difference from the operating and or administrative Federal Share.

SECTION 5. COST ALLOCATION

Since the Project vehicles may also be used for non-PROJECT purposes, the Contractor agrees to keep accurate mileage logs to distinguish between PROJECT and non-PROJECT mileage. ADOT will reimburse vehicle related operating costs in proportion not to exceed the number of actually driven PROJECT miles as a percentage of the total miles.

SECTION 6. EQUIPMENT AND MAINTENANCE

The service will utilize existing contractor fleet to implement the PROJECT. The Contractor will provide necessary back-up vehicles to continue scheduled service when any of the PROJECT vehicles mentioned above are unavailable for whatever reason.

SECTION 7. PRIVATIZATION OF SERVICE

The County has entered into contract with three (3) private for-profit vendors to operate the service. If the County elects to change operators or to operate the system in-house, prior concurrence of ADOT shall be sought.
